IDEA 0613
Copy 3 of 3

12 JAN 1962

MEMORANDUM FOR: Chief, Materiel Staff, DPD

25X1A

ATTENTION:

[REDACTED]

SUBJECT: On/Off Switch for Tracker Camera

25X1A

REFERENCE:

[REDACTED] 834 (IN 25656), attached

25X1A

1. This confirms verbal request ([REDACTED]). It is requested that your office take action necessary to incorporate a separate manually operated on/off switch for the tracker camera installation on assigned articles. The present configuration requires the camera to operate when the drift sight is on, since there is one switch common to both pieces of equipment. Such an arrangement results in much tracker film being wasted and, on long missions, limits actual film supply in primary interest areas.

2. Please give this your immediate attention in order that the modification can be completed as early as possible.
